

Transition to School Orientation Booklet

Individualise the booklet to suit your school – add lots of photos to suit the text

When writing the text, think about:

- Special areas in your school to include in the book, science room, vegetable gardens etc.
- Take photos of the front and back entrances of the school
- Special language used by your school ie: COLA – Covered outdoor Learning Area. This is a great opportunity to gain understanding of what we do and see every day to our new students and families
- We want to personalise this booklet as much as possible, so try to add the real people in the photos with their names ie; Ms Jackson, our kindergarten teacher, Mrs Berry, the office lady, Mr Arnold our librarian etc
- Ensure the photos are clear and convey the message you want for parents and children ie: school uniform with hat etc
- A snippet of the whole curriculum with children participating – PDHPE
